Product suitable for use in Organic Agriculture conforming to the annexes of the (CE) regulation n° 834/2007 and 889/2008 or of NOP Regulation. **F- 1900**  
Inspected by ECOCERT SA F - 32600

**Diamond Grow™ Organic Humic Acid Powder** is a soil conditioner designed to aid in breaking down organic matter. It can increase moisture retention of your soil. This is an activated humic acid product that may enhance micronutrient uptake. Diamond-Grow™ Organic 100% Soluble Humic Acid Powder should be thoroughly mixed with water to produce a liquid humic product. The resulting Organic solution is compatible with many liquid fertilizers and micronutrients.

#### APPLICATION RATES

Crops - 1 to 3 gallons of Diamond Grow Liquid Humic Acid Concentrate per acre  
Turf - 1 to 3 gallons of Diamond Grow Liquid Humic Acid Concentrate per acre

#### EASY MIXING AND APPLICATION INSTRUCTIONS:

Mix 1 pound of Diamond-Grow Soluble Humic Acid Powder with 1 gallon of water to make 1 gallon of 12 % Liquid Humic Acid solution. Agitate and mix thoroughly. Further dilute with 15 to 25 gallons of water depending on your specific spray apparatus or application requirements.

**CAUTION:** When combined with aqua ammonia, vapor releases may result in pressure build-ups. For such mixtures, only use mixing and application equipment that are vented and/or have pressure release valves. When mixing with pesticides, dilute Liquid Humic Acid with water prior to the addition of buffering agents and pesticides. DO NOT tank-mix with carbonate-based pesticides, as efficacy will decrease. Follow all directions and precautions on pesticide labels prior to mixing with Soluble Humic Acid Solution. Ensure adequate agitation in all situations. DO NOT mix Diamond Grow™ 100% Soluble Carbon with calcium nitrate, phosphoric acid, zinc sulphate or other solutions with a PH of less than 6.0.

**Apply directly to the soil** in fall or early spring and as many as 4 to 6 applications per growing season. Always conduct a soil test to determine nutrient levels and make needed amendments to assure good fertility levels in your soil. Diamond Grow™ Organic 100% Soluble Humic Acid Powder is an ideal supplement to your fertilizer program.

DISTRIBUTED BY:

**Solu-Cal USA**

P.O. Box 278, West Wareham, MA 02576 — 774-678-0288

Proper timing, rate, and placement of Diamond Grow™ Organic 100% Soluble Humic Acid Powder is important for desired results and highly dependent on stage of crop growth, soil fertility levels and environmental conditions. If unsure of application rates for your specific soils, please consult your local Ag Extension Agent.
